• Grab your friends and take on the whole level! • Experience 4 Game Modes: • Classic Puzzle - Create 15 puzzle elements to turn 5 different colored beams of light into 6 colors. • Puzzle - Connect 4 colored beams of light using mirrors, prisms, lenses, and dark matter to create light blocks. • Battle - Race to the finish with other Lightbender players using all of the same tools as Puzzle mode, but your timing and strategy will matter more! • Clash - Score as many points as possible! Hit your target with color-changing elements to gain points. • Complete levels and challenge your friends in the Leaderboard! For years, we've been busy building the Lightbender community, and we're finally ready to launch the game! We're encouraging everyone to try out the game early to provide feedback and help fine-tune the game for our release later this year! Your feedback is what will make this community so awesome! Note:

- This game is free to download. However, some of the in-app purchases are optional. You can remove them from your device to play the game without them.
- If you've already purchased the game, we will offer free updates in the future, with new tools and puzzles!
