In a world where as you age your entire body aches, there is one place where you can live forever: an island. A few days ago we posted an article about how you can enjoy a better and healthier lifestyle by living an island life at your retreat, but to everyone's surprise, today has been a packed day with many inquiries into how to make their island dream a reality. Let's be clear: living in an island or rural setting is not for everyone. There is no denying that living in an island or rural setting can be rewarding and comfortable, but there are also a lot of nitty gritty details that can be very difficult to deal with at times. If you are the kind of person that likes living a rural or island life for a long period of time, it is something that you must understand and prepare for. In this series of articles we are going to talk about the ins and outs of creating a rural or island life, and what you must know about it before you head out to the island.

Island Living vs. Living In The Suburbs

Island living is definitely not for everyone. When people hear about island living, they often think it is not for them. In fact, the stereotypes you hear about island life being populated by some sort of elderly old person makes a lot of people run and hide in the closest safe and well-maintained sub-city, which is not actually too far away. When you actually live in the island setting, you will find that you have a very unique lifestyle that cannot be found in any other place. As many of you may have seen in our other articles, we mentioned that island living is much more than just living in a rural or island setting, and this goes for the fact that you also have to learn how to survive. Living an island lifestyle makes you learn self-reliance, which is a very important skill to have when living in the remote countryside. This is what we mean when we say that you cannot just "wish you were on an island". You need to take
